QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended September 30, 2020

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission File No. 001-38306

LEISURE ACQUISITION CORP.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

82-2755287

(I.R.S. Employer
Identification No.)

250 West 57th Street, Suite 415
New York, New York

(Address of Principal Executive Offices)

10107

(Zip Code)

(646) 565-6940

(Registrant's telephone number, including area code)

N/A

(Former name, former address and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$0.0001 per share	LACQ	The Nasdaq Stock Market LLC
Warrants to purchase one share of Common Stock	LACQW	The Nasdaq Stock Market LLC
Units, each consisting of one share of Common Stock and one-half of one Warrant	LACQU	The Nasdaq Stock Market LLC

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer
 Non-accelerated filer

Accelerated filer
 Smaller reporting company
 Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act): Yes No

As of November 9, 2020, there were 6,262,283 shares of the Company's common stock, par value \$0.0001, issued and outstanding.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Leisure Acquisition Corp. (the “Company”) is a blank check company incorporated in Delaware on September 11, 2017. The Company was formed for the purpose of acquiring, through a merger, capital stock exchange, asset acquisition, stock purchase, reorganization, recapitalization, exchangeable share transaction or other similar business transaction, with one or more operating businesses or assets (a “Business Combination”).

At September 30, 2020, the Company had not yet commenced operations. All activity through September 30, 2020 relates to the Company’s formation, its initial public offering (“Initial Public Offering”), which is described below, identifying a target company for a Business Combination and activities in connection with the previously proposed business combination with GTWY Holdings Limited, a Canadian corporation (“GTWY Holdings”), which was terminated on July 16, 2020.

The registration statement for the Company’s Initial Public Offering was declared effective on December 1, 2017. On December 5, 2017, the Company consummated the Initial Public Offering of 20,000,000 units (“Units” and, with respect to the common stock included in the Units, the “Public Shares”), generating gross proceeds of \$200,000,000, which is described in Note 3.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the sale of 6,825,000 warrants (the “Private Placement Warrants”) at a price of \$1.00 per warrant in a private placement to Hydra LAC, LLC, an affiliate of Hydra Management, LLC (the “Hydra Sponsor”), MLCP GLL Funding LLC, an affiliate of Matthews Lane Capital Partners, LLC (the “Matthews Lane Sponsor,” and, together with the Hydra Sponsor, the “Sponsors”), HG Vora Special Opportunities Master Fund, Ltd. (“HG Vora”) and certain members of the Company’s management team, generating gross proceeds of \$6,825,000, which is described in Note 4.

Following the closing of the Initial Public Offering on December 5, 2017, an amount of \$200,000,000 (\$10.00 per Unit) from the net proceeds of the sale of the Units in the Initial Public Offering and the Private Placement Warrants was placed in a trust account (the “Trust Account”) and invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the “Investment Company Act”), with a maturity of 180 days or less or in any open-ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the consummation of a Business Combination or (ii) the distribution of the Trust Account, as described below.

Transaction costs amounted to \$11,548,735, consisting of \$4,000,000 of underwriting fees, \$7,000,000 of deferred underwriting fees and \$548,735 of Initial Public Offering costs. In addition, at September 30, 2020, cash of \$53,492 was held outside of the Trust Account and is available for working capital purposes.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. The Company’s initial Business Combination must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the Trust Account (excluding deferred underwriting commissions and franchise and income taxes payable on the income earned on the Trust Account) at the time of the signing of an agreement to enter into a Business Combination. In addition, the Company’s Business Combination must be approved by HG Vora as a condition to the Contingent Forward Purchase Contract (as described in Note 6). The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance that the Company will be able to successfully effect a Business Combination.

The Company will provide its stockholders with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The stockholders will be entitled to redeem their shares for a pro rata portion of the amount then on deposit in the Trust Account (\$10.00 per share, plus any deposits made to the Trust Account in connection with extension payments and any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay franchise and income taxes). The per share amount to be distributed to stockholders who redeem their shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriters (see Note 7).

The Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon consummation of a Business Combination and, if the Company seeks stockholder approval, a majority of the outstanding shares voted are voted in favor of the Business Combination. If a stockholder vote is not required by law and the Company does not decide to hold a stockholder vote for business or other legal reasons, the Company will, pursuant to its Second Amended and Restated Certificate of Incorporation, conduct the redemptions pursuant to the tender offer rules of the Securities and Exchange Commission (“SEC”), and file tender offer documents with the SEC prior to completing a Business Combination. If, however, a stockholder approval of the transaction is required by law, or the Company decides to obtain stockholder approval for business or other legal reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If the Company seeks stockholder approval in connection with a Business Combination, the Sponsors and the Company’s other initial stockholders (collectively, the “Initial Stockholders”) have agreed to vote their Founder Shares (as defined in Note 5) and any Public Shares held by them in favor of approving a Business Combination. Additionally, each public stockholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

Notwithstanding the foregoing, the Company's Second Amended and Restated Certificate of Incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its shares with respect to an aggregate of 20% or more of the common stock sold in the Initial Public Offering.

The Company has until December 1, 2020 to consummate a Business Combination or such later date to the extent its stockholders approve an extension (the "Combination Period"). If the Company is unable to complete a Business Combination within the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but no more than ten business days thereafter, redeem 100% of the outstanding Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest earned and not previously released to pay franchise and income taxes (less up to \$75,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the remaining stockholders and the Company's board of directors, proceed to commence a voluntary liquidation and thereby a formal dissolution of the Company, subject in each case to its obligations to provide for claims of creditors and the requirements of applicable law. The underwriters have agreed to waive their rights to the deferred underwriting commission held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the funds held in the Trust Account that will be available to fund the redemption of the Company's Public Shares. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution (including Trust Account assets) will be less than the \$10.00 per Unit in the Initial Public Offering.

On November 26, 2019, the Company held a special meeting pursuant to which the Company's stockholders approved extending the Combination Period from December 5, 2019 to April 5, 2020 (the "Initial Extension Date"). In connection with the approval of the extension, stockholders elected to redeem an aggregate of 1,123,749 shares of the Company's common stock. As a result, an aggregate of \$11,583,473 (or approximately \$10.31 per share) was released from the Company's Trust Account to pay such stockholders

The Company agreed to contribute (the "Contribution") \$0.03 for each share of the Company's common stock that did not redeem in connection with the extension for each of the four monthly periods covered by the extension (commencing on December 6, 2019 through the Initial Extension Date), subject to certain conditions. On each of December 5, 2019, January 3, 2020, February 4, 2020 and March 4, 2020, the Company made a Contribution of \$0.03 for each of the public shares outstanding, for an aggregate Contribution of \$2,265,151, which amounts were deposited into the Trust Account.

On December 5, 2019, the Company entered into an expense advancement agreement with GTWY Holdings (the "GTWY Expense Advance Agreement"), pursuant to which GTWY Holdings committed to provide \$566,288 to fund contributions to the Trust Account. The Company drew down the full amount under the GTWY Expense Advance Agreement to fund the required Contribution to the Trust Account for the period December 6, 2019 to January 5, 2020 by issuing an unsecured promissory note to GTWY Holdings (see Note 5).

On January 15, 2020, the Company drew down \$1,000,000 under the expense advancement agreement with the Company's Sponsors and strategic investor dated December 1, 2017 in exchange for issuing unsecured promissory notes to fund its working capital requirements and to fund required Contributions to the Trust Account. The holders had the option to convert the promissory notes into warrants at a price of \$1.00 per warrant subject to the same terms and conditions as private placement warrants. The notes were converted into warrants on June 25, 2020.

On March 26, 2020, the Company held a special meeting pursuant to which the Company's stockholders approved extending the Combination Period from April 5, 2020 to June 30, 2020 (the "Second Extension Date"). In connection with the approval of the extension, stockholders elected to redeem an aggregate of 16,837,678 shares of the Company's common stock. As a result, an aggregate of \$176,283,492 (or approximately \$10.47 per share) was released from the Company's Trust Account to pay such stockholders. Of the amount paid to redeeming stockholders, \$136,283,492 was paid as of March 31, 2020 and the balance of \$40,000,000 was paid on April 1, 2020.

On June 26, 2020, the Company held a special meeting pursuant to which the Company's stockholders approved extending the Combination Period from June 30, 2020 to December 1, 2020 (the "Third Extension Date"). In connection with the approval of the extension, stockholders elected to redeem an aggregate of 776,290 shares of the Company's common stock. As a result, an aggregate of \$8,099,292 (or approximately \$10.43 per share) was released from the Company's Trust Account to pay such stockholders.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

The Initial Stockholders have agreed to (i) waive their redemption rights with respect to their Founder Shares in connection with the completion of a Business Combination, (ii) to waive their rights to liquidating distributions from the Trust Account with respect to their Founder Shares if the Company fails to complete a Business Combination within the Combination Period and (iii) not to propose an amendment to the Company's Second Amended and Restated Certificate of Incorporation that would affect the substance or timing of the Company's obligation to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the public stockholders with the opportunity to redeem their shares in conjunction with any such amendment.

In order to protect the amounts held in the Trust Account, the Sponsors have agreed to be liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) \$10.00 per Public Share or (ii) such lesser amount per share held in the Trust Account as of the date of the liquidation of the Trust Account due to reductions in the value of the trust assets. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the Trust Account or to any claims under the Company's indemnity of the underwriters of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsors will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsors will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Special Meeting to Extend Combination Period

The Company has scheduled a special meeting in lieu of the 2020 annual meeting of stockholders for November 24, 2020, pursuant to which, among other matters, it will seek stockholder approval to extend the Combination Period from December 1, 2020 to June 30, 2021 (the "Extension Meeting"). The Company's public stockholders will be able to elect to redeem their shares in connection with the Extension Meeting for a pro rata portion of the amount then on deposit in the Trust Account (\$10.00 per share, plus any deposits made into the Trust Account for extension payments and any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay franchise and income taxes). If the Company does not obtain stockholder approval and is unable to complete a Business Combination by December 1, 2020, the Company would wind up its affairs and liquidate.

Liquidity and Going Concern

As of September 30, 2020, the Company had \$53,492 in its operating bank accounts, \$13,187,558 in securities held in the Trust Account to be used for a Business Combination or to repurchase or redeem its common stock in connection therewith and working capital deficit of \$224,608, which excludes \$125,677 of income taxes payable that will be paid from interest earned on the Trust Account.

As of September 30, 2020, the Company had \$125,000 available for drawdown under the Company's expense advancement agreement with the Company's Sponsors and HG Vora (see "Related Party Loans" in Note 5).

The Company will need to raise additional capital through loans or additional investments from its Sponsors, HG Vora, stockholders, officers, directors, or third parties. The Company's Sponsors and HG Vora may, but are not obligated to, loan the Company funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion, to meet the Company's working capital needs. Accordingly, the Company may not be able to obtain additional financing. If the Company is unable to raise additional capital, it may be required to take additional measures to conserve liquidity, which could include, but not necessarily be limited to, curtailing operations, suspending the pursuit of a potential transaction, and reducing overhead expenses. The Company cannot provide any assurance that new financing will be available to it on commercially acceptable terms, if at all. These conditions raise substantial doubt about the Company's ability to continue as a going concern through December 1, 2020, the date that the Company will be required to cease all operations, except for the purpose of winding up, if a Business Combination is not consummated. These financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to continue as a going concern.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and in accordance with the instructions to Form 10-Q and Article 8 of Regulation S-X of the Securities and Exchange Commission (the “SEC”). Certain information or footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted, pursuant to the rules and regulations of the SEC for interim financial reporting. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position, results of operations, or cash flows. In the opinion of management, the accompanying unaudited condensed financial statements include all adjustments, consisting of a normal recurring nature, which are necessary for a fair presentation of the financial position, operating results and cash flows for the periods presented.

The accompanying unaudited condensed financial statements should be read in conjunction with the Company’s Annual Report on Form 10-K for the year ended December 31, 2019 as filed with the SEC on March 10, 2020, which contains the audited financial statements and notes thereto. The financial information as of December 31, 2019 is derived from the audited financial statements presented in the Company’s Annual Report on Form 10-K for the year ended December 31, 2019. The interim results for the three and nine months ended September 30, 2020 are not necessarily indicative of the results to be expected for the year ending December 31, 2020 or for any future interim periods.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future events. Accordingly, the actual results could differ significantly from the Company’s estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less, when purchased, to be cash equivalents. The Company did not have any cash equivalents as of September 30, 2020 and December 31, 2019.

Marketable Securities Held in Trust Account

At September 30, 2020 and December 31, 2019, the assets held in the Trust Account were substantially held in a money market fund that invests primarily in U.S. Treasury Bills. Through September 30, 2020, the Company withdrew \$1,834,842 of interest income from the Trust Account, of which \$160,050 was withdrawn during the nine months ended September 30, 2020, to pay franchise taxes.

Common Stock Subject to Possible Redemption

The Company accounts for its common stock subject to possible redemption in accordance with the guidance in Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” Common stock subject to mandatory redemption is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company’s control) is classified as temporary equity. At all other times, common stock is classified as stockholders’ equity. The Company’s common stock features certain redemption rights that are considered to be outside of the Company’s control and subject to occurrence of uncertain future events. Accordingly, common stock subject to possible redemption is presented at redemption value as temporary equity, outside of the stockholders’ equity section of the Company’s condensed balance sheets.

Income Taxes

The Company complies with the accounting and reporting requirements of Accounting Standards Codification (“ASC”) Topic 740 “Income Taxes,” which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of September 30, 2020 and December 31, 2019. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The effective tax rate of 177% and 10% differs from the statutory tax rate of 21% for the three and nine months ended September 30, 2020 primarily due to the reversal of previously recorded permanent differences for transactional expenses incurred in connection with the now terminated GTWY Holdings acquisition. The effective tax rate of 3% and 21% differs from the statutory tax rate of 21% for the three and nine months ended September 30, 2019, respectively, due to true-up adjustments from the prior year tax returns.

The Company may be subject to potential examination by federal, state and city taxing authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with federal, state and city tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

Net Loss Per Common Share

Net loss per common share is computed by dividing net loss by the weighted average number of common shares outstanding for the period. The Company applies the two-class method in calculating earnings per share. Shares of common stock subject to possible redemption at September 30, 2020 and 2019, which are not currently redeemable and are not redeemable at fair value, have been excluded from the calculation of basic loss per share since such shares, if redeemed, only participate in their pro rata share of the Trust Account earnings. The Company has not considered the effect of warrants sold in the Initial Public Offering and private placement to purchase 17,825,000 shares of common stock in the calculation of diluted loss per share, since the exercise of the warrants is contingent upon the occurrence of future events. As a result, diluted loss per common share is the same as basic loss per common share for the periods.

Reconciliation of Net Income (Loss) Per Common Share

The Company's net income is adjusted for the portion of income that is attributable to common stock subject to redemption, as these shares only participate in the earnings of the Trust Account and not the income or losses of the Company. Accordingly, basic and diluted income (loss) per common share is calculated as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2020	2019	2020	2019
Net income	\$ 218,823	\$ 489,723	\$ 2,479,203	\$ 1,684,538
Less: Income attributable to common stock subject to possible redemption	(9,648)	(965,765)	(7,645)	(2,766,826)
Adjusted net income (loss)	<u>209,175</u>	<u>(476,042)</u>	<u>2,471,558</u>	<u>(1,082,288)</u>
Weighted average common shares outstanding, basic and diluted	<u>6,257,127</u>	<u>6,100,218</u>	<u>6,411,797</u>	<u>6,062,609</u>
Basic and diluted net income (loss) per common share	<u>\$ 0.03</u>	<u>\$ (0.08)</u>	<u>\$ 0.39</u>	<u>\$ (0.18)</u>

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of a cash account in a financial institution, which, at times may exceed the federal depository insurance coverage of \$250,000. The Company has not experienced losses on this account and management believes the Company is not exposed to significant risks on such account.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under ASC Topic 820, "Fair Value Measurement" ("ASC 820"), approximates the carrying amounts represented in the accompanying condensed balance sheets, primarily due to their short-term nature.

Recent Accounting Standards

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the Company's condensed financial statements.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

3. INITIAL PUBLIC OFFERING

Pursuant to the Initial Public Offering, the Company sold 20,000,000 Units at a purchase price of \$10.00 per Unit. Each Unit consists of one share of common stock, and one-half of one warrant ("Public Warrant"). Each whole Public Warrant entitles the holder to purchase one share of common stock at an exercise price of \$ 11.50 (see Note 7).

4. PRIVATE PLACEMENT

Simultaneously with the closing of the Initial Public Offering, affiliates of the Hydra Sponsor and Matthews Lane Sponsor, HG Vora and certain members of management purchased an aggregate of 6,825,000 Private Placement Warrants at \$1.00 per Private Placement Warrant, for an aggregate purchase price of \$6,825,000. Each Private Placement Warrant entitles the holder to purchase one share of common stock at an exercise price of \$11.50. The proceeds from the Private Placement Warrants were added to the proceeds from the Initial Public Offering held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds of the sale of the Private Placement Warrants will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law) and the Private Placement Warrants will expire worthless. There will be no redemption rights or liquidating distributions from the Trust Account with respect to the Private Placement Warrants.

The Private Placement Warrants are identical to the Public Warrants underlying the Units sold in the Initial Public Offering, except that the Private Placement Warrants and the common stock issuable upon the exercise of the Private Placement Warrants are not transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants are exercisable on a cashless basis and are non-redeemable so long as they are held by the initial purchasers or their permitted transferees. If the Private Placement Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants. On June 25, 2020, the Company's Sponsors and HG Vora converted the Promissory Notes issued to them on January 15, 2020 pursuant to a drawdown by the Company under the expense advancement agreement in the aggregate amount of \$1,000,000 into warrants to purchase 1,000,001 shares of the Company's common stock at an exercise price of \$11.50 per share.

5. RELATED PARTY TRANSACTIONS

Founder Shares

On September 11, 2017, the Company issued an aggregate of 7,187,500 shares of common stock to the Initial Stockholders ("Founder Shares") for an aggregate purchase price of \$25,000. On December 5, 2017, certain of the Initial Stockholders surrendered and returned to the Company, for nil consideration, an aggregate of 1,437,500 Founder Shares, which were cancelled, leaving an aggregate of 5,750,000 Founder Shares outstanding. The 5,750,000 Founder Shares included an aggregate of up to 750,000 shares subject to forfeiture by the Initial Stockholders to the extent that the underwriters' over-allotment was not exercised in full or in part, so that the Initial Stockholders would own 20% of the Company's issued and outstanding shares after the Initial Public Offering (assuming the Initial Stockholders do not purchase any Public Shares in the Initial Public Offering). The underwriters' election to exercise their over-allotment option expired unexercised on January 15, 2018 and, as a result, 750,000 Founder Shares were forfeited, resulting in 5,000,000 Founder Shares outstanding.

The Initial Stockholders have agreed, subject to certain exceptions, not to transfer, assign or sell any of the Founder Shares until the earlier of (i) one year after the date of the completion of a Business Combination, or (ii) the date on which the last sales price of the Company's common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30-trading day period commencing 150 days after a Business Combination, or earlier, in each case, if subsequent to a Business Combination, the Company completes a subsequent liquidation, merger, stock exchange, or other similar transaction which results in all of the Company's stockholders having the right to exchange their common stock for cash, securities or other property.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

Administrative Services Agreement

The Company entered into an agreement whereby, commencing on December 1, 2017 through the earlier of the completion of a Business Combination or the Company's liquidation, the Company would pay Hydra Sponsor a monthly fee of up to \$10,000 for office space, utilities and secretarial and administrative support. For the three months ended September 30, 2019, the Company incurred \$30,000 in fees for these services. For the nine months ended September 30, 2019 the Company incurred \$60,000 in fees for these services. Effective June 30, 2020, Hydra Sponsor agreed to stop charging the Company the monthly administrative fee and forgave the \$1,000 outstanding balance due.

Related Party Loans

In order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, the Hydra Sponsor, an affiliate of the Matthews Lane Sponsor and HG Vora (the "Funding Parties") loaned an aggregate of \$ 1,000,000 to the Company, in accordance with unsecured promissory notes issued on January 15, 2020 to the Funding Parties, pursuant to an expense advancement agreement dated December 1, 2017 which were subsequently converted by the holders into warrants on June 25, 2020. The expense advancement agreement was amended to increase the total amount of advances available to the Company under the agreement by \$125,000 on June 29, 2020 and by an additional \$75,000 on October 26, 2020, for a total of \$200,000, of which the Company drew down \$75,000 pursuant to promissory notes issued in October 2020 and \$125,000 remains available for drawdown (see Note 9). The Funding Parties may, but are not obligated to, loan the Company additional funds from time to time or at any time, as may be required ("Working Capital Loans"). Under the expense advancement agreement, the Working Capital Loans would either be paid upon completion of a Business Combination, without interest, or, at the holder's discretion could be converted into warrants at a price of \$ 1.00 per warrant. The warrants would be identical to the Private Placement Warrants. In the event that a Business Combination does not close, the Company may use a portion of the proceeds held outside the Trust Account to repay the Working Capital Loans, but no proceeds held in the Trust Account would be used to repay the Working Capital Loans.

As of September 30, 2020, there were no amounts outstanding under the Working Capital Loans (the \$1,000,000 previously loaned by the Funding Parties having been converted into warrants on June 25, 2020). As noted above, an aggregate of \$75,000 in Working Capital Loans became outstanding subsequent to the end of the quarter in October 2020 (see Note 9).

6. COMMITMENTS

Forgiveness of Debt

During the nine months ended September 30, 2020, two of the Company's service providers forgave certain amounts due to them in connection with previously provided services. As a result, the Company recorded a forgiveness of debt in the amount of \$3,298,207.

GTWY Holdings Promissory Note

On December 5, 2019, the Company entered into the GTWY Expense Advancement Agreement, pursuant to which GTWY Holdings committed to provide \$566,288 to fund contributions to the Trust Account. The Company drew down the full amount under the GTWY Expense Advancement Agreement to fund the required Contribution to the Trust Account for the period December 6, 2019 to January 5, 2020 by issuing an unsecured promissory note to GTWY Holdings. The note does not bear interest. If the Company completes an initial Business Combination, the Company would repay the note out of the proceeds of the Trust Account released to the Company. Otherwise, amounts borrowed under the note would be repaid only out of funds held by the Company outside the Trust Account. At September 30, 2020, there was \$566,268 outstanding under the note.

Registration Rights

Pursuant to a registration rights agreement entered into on December 1, 2017, the holders of the Founder Shares, Private Placement Warrants (and their underlying securities), Private Placement Units (and their underlying securities) (as defined below) and any warrants that may be issued upon conversion of the Working Capital Loans (and their underlying securities) are entitled to registration rights. The holders of these securities are entitled to make up to two demands, excluding short form demands, that the Company register such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of a Business Combination and rights to require the Company to register for resale such securities pursuant to Rule 415 under the Securities Act. However, the registration rights agreement provides that the Company will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

Underwriters Agreement

The underwriters of the Initial Public Offering are entitled to a deferred fee of three and one-half percent (3.5%) of the gross proceeds of the Initial Public Offering, or \$7,000,000. Up to \$0.05 per Unit (or up to \$1,000,000) of the deferred fee may be paid to third parties (who are members of FINRA) that assist the Company in consummating its initial Business Combination. The election to make such payments to third parties will be solely at the discretion of the Company's management team, and such third parties will be selected by the management team in their sole and absolute discretion. The deferred fee will be paid in cash upon the closing of a Business Combination from the amounts held in the Trust Account, subject to the terms of the underwriting agreement.

Contingent Forward Purchase Contract

On December 1, 2017, the strategic investor entered into a contingent forward purchase contract (the "Contingent Forward Purchase Contract") with the Company to purchase, in a private placement for gross proceeds of \$62,500,000 to occur concurrently with the consummation of the Business Combination, 6,250,000 Units on substantially the same terms as the sale of Units in the Initial Public Offering at \$10.00 per Unit. In connection with previously proposed business combination transaction with GTWY Holdings, an amendment to the Contingent Forward Purchase Contract was effected on December 27, 2019 to provide that the Contingent Forward Purchase Contract would terminate as of, and contingent upon, the closing of the transaction with GTWY Holdings such that the strategic investor would instead purchase 3,000,000 units of GTWY Holdings' equity securities (with each unit consisting of one GTWY Holdings Share and one-half of one GTWY Holdings Warrant) for a purchase price of \$10.00 per unit. The original terms of the Contingent Forward Purchase Contract remain operative for a business combination with a target other than GTWY Holdings.

Service Provider Agreement

From time to time the Company has entered into and may enter into agreements with various services providers and advisors, including investment banks, to help us identify targets, negotiate terms of potential Business Combinations, consummate a Business Combination and/or provide other services. In connection with these agreements, the Company may be required to pay such service providers and advisors fees in connection with their services to the extent that certain conditions, including the closing of a potential Business Combination, are met. If a Business Combination does not occur, the Company would not expect to be required to pay these contingent fees. There can be no assurance that the Company will complete a Business Combination.

7. STOCKHOLDERS' EQUITY

Preferred Stock — The Company is authorized to issue 1,000,000 shares of preferred stock with a par value of \$0.0001 per share with such designation, rights and preferences as may be determined from time to time by the Company's Board of Directors. As of September 30, 2020 and December 31, 2019, there were no shares of preferred stock issued or outstanding.

Common Stock — The Company is authorized to issue 100,000,000 shares of common stock with a par value of \$0.0001 per share. Holders of the Company's common stock are entitled to one vote for each share. The underwriters' election to exercise their over-allotment option expired unexercised on January 15, 2018 and, as a result, 750,000 Founder Shares were forfeited. At September 30, 2020 and December 31, 2019, there were 6,236,094 and 6,375,178 shares of common stock issued and outstanding, respectively, excluding 26,189 and 17,501,073 shares of common stock subject to possible redemption, respectively.

Warrants — Public Warrants may only be exercised for a whole number of shares. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination and (b) 12 months from the closing of the Initial Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the shares of common stock issuable upon exercise of the Public Warrants and a current prospectus relating to them is available. The Company has agreed that as soon as practicable, but in no event later than 15 business days after the closing of a Business Combination, the Company will use its best efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the shares of common stock issuable upon exercise of the Public Warrants. The Company will use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Public Warrants in accordance with the provisions of the warrant agreement. If any such registration statement has not been declared effective by the 60th business day following the closing of the Business Combination, holders of the Public Warrants shall have the right, during the period beginning on the 61st business day after the closing of the Business Combination and ending upon such registration statement being declared effective by the SEC, and during any other period when the Company shall fail to have maintained an effective registration statement covering the shares of common stock issuable upon exercise of the Public Warrants, to exercise such Public Warrants on a "cashless basis." Notwithstanding the above, if the Company's common stock is at the time of any exercise of a Public Warrant not listed on a national securities exchange such that it satisfies the definition of a "covered security" under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elects, the Company will not be required to file or maintain in effect a registration statement, but will be required to use its best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation.

LEISURE ACQUISITION CORP.
NOTES TO CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2020
(Unaudited)

The Company may redeem the Public Warrants:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- at any time during the exercise period;
- upon a minimum of 30 days' prior written notice of redemption;
- if, and only if, the last sale price of the Company's common stock equals or exceeds \$18.00 per share for any 20 trading days within a 30-trading day period ending on the third business day prior to the date on which the Company sends the notice of redemption to the warrant holders; and
- if, and only if, there is a current registration statement in effect with respect to the shares of common stock underlying such warrants.

If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a "cashless basis," as described in the warrant agreement.

The exercise price and number of shares of common stock issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuance of common stock at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

8. FAIR VALUE MEASUREMENTS

The Company follows the guidance in ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

The fair value of the Company's financial assets and liabilities reflects management's estimate of amounts that the Company would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

- Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs based on our assessment of the assumptions that market participants would use in pricing the asset or liability.

The following table presents information about the Company's assets that are measured at fair value on a recurring basis at September 30, 2020 and December 31, 2019, and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description	Level	September 30, 2020	December 31, 2019
Assets:			
Cash and marketable securities held in Trust Account	1	\$ 13,187,558	\$ 195,312,177

9. SUBSEQUENT EVENTS

The Company evaluates subsequent events and transactions that occur after the balance sheet date up to the date that the condensed financial statements were issued. Based upon this review, other than as described below, the Company did not identify any subsequent events that would have required adjustment or disclosure in the condensed financial statements.

On October 26, 2020, the Company entered into a second amendment to its expense advancement agreement with the Funding Parties dated December 1, 2017, as amended, to increase the total amount of advances available to the Company under the agreement by \$75,000 such that an aggregate of \$200,000 was available for drawdown following the amendment. The Company issued unsecured promissory notes in October 2020 pursuant to the agreement, as amended, which cover an initial aggregate drawdown amount of \$75,000 and a maximum aggregate amount of \$200,000. Amounts up to the aggregate maximum amount may and are expected to be drawn down from time to time by the Company to fund its working capital requirements.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

References in this report (the "Quarterly Report") to "we," "us" or the "Company" refer to Leisure Acquisition Corp. References to our "management" or our "management team" refer to our officers and directors, references to the "sponsors" refer, collectively, to Hydra Management, LLC (the "Hydra Sponsor") and Matthews Lane Capital Partners LLC (the "Matthews Lane Sponsor"), and references to the "strategic investor" or "HG Vora" refer to HG Vora Capital Management LLC on behalf of one or more funds or accounts managed by it. The following discussion and analysis of the Company's financial condition and results of operations should be read in conjunction with the financial statements and the notes thereto contained elsewhere in this Quarterly Report. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties.

Special Note Regarding Forward-Looking Statements

This Quarterly Report includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Exchange Act that are not historical facts, and involve risks and uncertainties that could cause actual results to differ materially from those expected and projected. All statements, other than statements of historical fact included in this Form 10-Q including, without limitation, statements in this "Management's Discussion and Analysis of Financial Condition and Results of Operations" regarding the Company's financial position, business strategy and the plans and objectives of management for future operations, are forward-looking statements. Words such as "expect," "believe," "anticipate," "intend," "estimate," "seek" and variations and similar words and expressions are intended to identify such forward-looking statements. Such forward-looking statements relate to future events or future performance, but reflect management's current beliefs, based on information currently available. A number of factors could cause actual events, performance or results to differ materially from the events, performance and results discussed in the forward-looking statements. For information identifying important factors that could cause actual results to differ materially from those anticipated in the forward-looking statements, please refer to the Risk Factors section of the Company's Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission (the "SEC"). The Company's securities filings can be accessed on the EDGAR section of the SEC's website at www.sec.gov. Except as expressly required by applicable securities law, the Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.

Overview

We are a blank check company incorporated on September 11, 2017 in Delaware and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, recapitalization, reorganization or similar business combination with one or more target businesses. We intend to effectuate our Business Combination using cash from the proceeds of our Initial Public Offering, the sale of the Private Placement Warrants that occurred simultaneously with the completion of our Initial Public Offering, the sale of the Private Placement Units under the Contingent Forward Purchase Contract, if any, our capital stock, debt or a combination of cash, stock and debt.

The issuance of additional shares of our stock in a Business Combination:

- may significantly dilute the equity interest of investors;
- may subordinate the rights of holders of our common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change in control if a substantial number of shares of our common stock is issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the stock ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our common stock and/or warrants.

Similarly, if we issue debt securities, it could result in:

- default and foreclosure on our assets if our operating revenues after an initial Business Combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand;
- our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, our ability to pay expenses, make capital expenditures and acquisitions, and fund other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation;
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, and execution of our strategy; and
- other purposes and other disadvantages compared to our competitors who have less debt.

We are incurring significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete a Business Combination will be successful.

Recent Developments

On November 26, 2019, the Company held a special meeting of stockholders at which our stockholders approved extending our Combination Period deadline from December 5, 2019 to April 5, 2020 (the "First Extension"). Our public stockholders were able to elect to redeem their shares in connection with the First Extension for a pro rata portion of the amount then on deposit in the Trust Account (\$10.00 per share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to us to pay franchise and income taxes). With respect to public shares not redeemed in connection with the Special Meeting, we agreed to make Contributions of \$0.03 for each public share that was not redeemed by stockholders for each of the four monthly periods covered by the extension (commencing on December 6, 2019 through the end of the First Extension), subject to certain conditions. The number of shares of redeemed by public stockholders in connection with the First Extension was 1,123,749 for an aggregate cash redemption amount of \$11,583,473.

On December 5, 2019, the Company entered into the Expense Advancement Agreement with GTWY Holdings pursuant to which GTWY Holdings committed to provide \$566,288 to fund Contributions to the Trust Account, representing the amount needed to fund the first monthly Contribution during the First Extension. The Company drew down the full amount under the Expense Advancement Agreement to fund the required Contribution to the Trust Account for the period December 6, 2019 to January 5, 2020 by issuing an unsecured promissory note to GTWY Holdings. The note does not bear interest. If we complete our initial business combination, the amount borrowed under the Expense Advancement Agreement would be repaid out of the proceeds of the Trust Account released to it. Otherwise, amounts borrowed under the Expense Advancement Agreement would be repaid only out of funds held outside the Trust Account. Amounts borrowed pursuant to the Expense Advancement Agreement were deposited to the Trust Account on December 6, 2019.

On January 6, 2020, the Company deposited \$566,288 to the Trust Account to fund the required Contribution to the Trust Account for the period January 6, 2020 to February 5, 2020.

On January 15, 2020, we drew down \$1,000,000 under the Expense Advancement Agreement with our sponsors and strategic investor dated December 1, 2017 to fund general corporate purposes in exchange for issuing unsecured promissory notes. The holders had the option to convert the promissory notes into warrants at a price of \$1.00 per warrant subject to the same terms and conditions as private placement warrants. The notes were converted into warrants on June 25, 2020. Notes issued under the Expense Advancement Agreement do not bear interest. If we complete an initial business combination, we would repay amounts borrowed under the Expense Advancement Agreement out of the proceeds of the Trust Account released to it; provided, however, that the sponsors and strategic investor have the option to convert promissory notes into warrants at a price of \$1.00 per warrant subject to the same terms and conditions as our private placement warrants. Otherwise, amounts borrowed under the Expense Advancement Agreement would be repaid only out of funds held outside the Trust Account. The expense advancement agreement was amended to increase the total amount of advances available to us under the agreement by \$125,000 on June 29, 2020 and by an additional \$75,000 on October 26, 2020, for a total of \$200,000, of which the Company drew down \$75,000 in October 2020 and \$125,000 remains available for drawdown.

On each of February 4, 2020 and March 4, 2020, we deposited \$566,288 into the Trust Account to fund the required Contribution to the Trust Account for the remaining monthly periods covered by the Extension.

On March 26, 2020, we held a special meeting pursuant to which our stockholders approved extending the Combination Period from April 5, 2020 to June 30, 2020 (the "Second Extension Date"). In connection with the approval of the extension, stockholders elected to redeem an aggregate of 16,837,678 shares of our common stock. As a result, an aggregate of \$176,283,492 (or approximately \$10.47 per share) was released from our Trust Account to pay such stockholders. Of the amount paid to redeeming stockholders, \$136,283,492 was paid as of March 31, 2020 and the balance of \$40,000,000 was paid on April 1, 2020.

On June 26, 2020, we held a special meeting pursuant to which our stockholders approved extending the Combination Period from June 30, 2020 to December 1, 2020 (the "Third Extension Date"). In connection with the approval of the extension, stockholders elected to redeem an aggregate of 776,290 shares of our common stock. As a result, an aggregate of \$8,099,292 (or approximately \$10.43 per share) was released from our Trust Account to pay such stockholders and 6,262,283 shares of common stock are now issued and outstanding.

On July 16, 2020, we elected to terminate the Agreement and Plan of Merger, dated December 27, 2019 (the "Merger Agreement"), with GTWY Holdings, and a related subsidiary, GTWY Merger Sub Corp. Pursuant to its terms, we had the ability to terminate the Merger Agreement to the extent the business combination had not been completed by July 15, 2020.

We are incurring significant costs in the pursuit of its acquisition plans. We may be required to seek additional resources in the future to fund general corporate purposes and cannot assure you that our plans to complete the Transactions will be successful.

Special Meeting to Extend Combination Period

We have scheduled a special meeting in lieu of the 2020 annual meeting of stockholders for November 24, 2020, pursuant to which, among other matters, we will seek stockholder approval to extend the Combination Period from December 1, 2020 to June 30, 2021 (the "Extension Meeting"). Our public stockholders will be able to elect to redeem their shares in connection with the Extension Meeting for a pro rata portion of the amount then on deposit in the Trust Account (\$10.00 per share, plus any deposits made into the Trust Account for extension payments and any pro rata interest earned on the funds held in the Trust Account and not previously released to us to pay franchise and income taxes). If we do not obtain stockholder approval and is unable to complete a Business Combination by December 1, 2020, we would wind up its affairs and liquidate.

Results of Operations

Our only activities from inception through September 30, 2020 were organizational activities and those necessary to prepare for the Initial Public Offering, identifying a target for our Business Combination and activities in connection with the announced and subsequently terminated acquisition of GTWY Holdings. We do not expect to generate any operating revenues until after the completion of our Business Combination. We generate non-operating income in the form of interest income on marketable securities. We are incurring expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence and transaction expenses in connection with completing a Business Combination.

For the three months ended September 30, 2020, we had a net income of \$218,823, which consists interest income on marketable securities held in the Trust Account of \$1,840, offset by operating costs of \$287,254 and a benefit for income taxes of \$504,237.

For the nine months ended September 30, 2020, we had a net income of \$2,479,203, which consists of the forgiveness of previously recorded professional fees of \$3,298,207 and interest income on marketable securities held in the Trust Account of \$719,353, offset by operating costs of \$1,274,109 and a provision for income taxes of \$264,248.

For the three months ended September 30, 2019, we had net income of \$489,723, which consists of interest income on marketable securities held in the Trust Account of \$1,107,955, offset by unrealized loss on marketable securities held in our Trust Account of \$19,496 and operating costs of \$584,418 and a provision for income taxes of \$14,318.

For the nine months ended September 30, 2019, we had net income of \$1,684,538, which consists of interest income on marketable securities held in the Trust Account of \$3,497,481 and an unrealized gain on marketable securities held in our Trust Account of \$42,475, offset by operating costs of \$1,399,530 and a provision for income taxes of \$455,888.

Liquidity and Capital Resources

As of September 30, 2020, we had marketable securities held in the Trust Account of \$13,187,558 (including \$413,254 of interest income) consisting of U.S. treasury bills with a maturity of 180 days or less. Interest income on the Trust Account will be used by us to pay franchise and income taxes. Through September 30, 2020, we withdrew \$1,834,842 of interest earned on the Trust Account to pay franchise and income taxes, of which \$160,050 was withdrawn during the nine months ended September 30, 2020.

We intend to use substantially all of the funds held in the Trust Account, including any amounts representing interest earned on the Trust Account (less deferred underwriting commissions and interest income that is used to pay franchise and income taxes) to complete our Business Combination. To the extent that our capital stock or debt is used, in whole or in part, as consideration to complete our Business Combination, the remaining proceeds held in the Trust Account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

As of September 30, 2020, we had cash of \$53,492 held outside the Trust Account. We intend to use the funds held outside the Trust Account primarily to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, and structure, negotiate and complete a Business Combination, and we have also used such funds to make Contributions to the Trust Account in connection with the First Extension (see "Recent Developments" above).

For the nine months ended September 30, 2020, cash used in operating activities was \$468,847. Net income of \$2,479,203 includes interest earned on marketable securities held in the Trust Account of \$719,353 and the forgiveness of previously recorded professional fees in the amount of \$3,298,207. Changes in operating assets and liabilities provided \$1,069,510 of cash from operating activities.

For the nine months ended September 30, 2019, cash used in operating activities was \$999,036. Net income of \$1,684,538 was impacted by interest earned on marketable securities held in the Trust Account of \$3,497,481, an unrealized gain on marketable securities held in our Trust Account of \$42,475 and a deferred tax provision of \$7,156. Changes in operating assets and liabilities provided \$849,226 of cash from operating activities.

On December 5, 2019, the Company entered into the Expense Advancement Agreement with GTWY Holdings pursuant to which GTWY Holdings committed to provide \$566,288 to fund Contributions to the Trust Account, representing the amount needed to fund the first monthly Contribution during the First Extension. The Company drew down the full amount under the Expense Advancement Agreement to fund the required Contribution to the Trust Account for the period December 6, 2019 to January 5, 2020 by issuing an unsecured promissory note to GTWY Holdings. The note does not bear interest. If we complete our initial Business Combination, the amount borrowed under the Expense Advancement Agreement would be repaid out of the proceeds of the Trust Account released to it. Otherwise, amounts borrowed under the Expense Advancement Agreement would be repaid only out of funds held outside the Trust Account. Amounts borrowed pursuant to the Expense Advancement Agreement were deposited to the Trust Account on December 6, 2019.

On December 1, 2017, HG Vora entered into a Contingent Forward Purchase Contract with us to purchase, in a private placement for gross proceeds of \$62,500,000 to occur concurrently with the consummation of our Business Combination, 6,250,000 Units on the same terms as the sale of Units in the Initial Public Offering at \$10.00 per unit. The funds from the sale of the Private Placement Units may be used as part of the consideration to the sellers in the Business Combination; any excess funds from the Private Placement Units may be used for working capital in the post-transaction company. This commitment is independent of the percentage of stockholders electing to redeem their shares and provides us with an increased minimum funding level for the Business Combination. HG Vora's obligation to purchase our Units under the Contingent Forward Purchase contract is contingent upon, among other things, HG Vora approving the Business Combination, which approval can be withheld for any reason. In connection with previously proposed business combination transaction with GTWY Holdings, an amendment to the Contingent Forward Purchase Contract was effected on December 27, 2019 to provide that the Contingent Forward Purchase Contract would terminate as of, and contingent upon, the closing of the transaction with GTWY Holdings such that the strategic investor would instead purchase 3,000,000 units of GTWY Holdings' equity securities (with each unit consisting of one GTWY Holdings Share and one-half of one GTWY Holdings Warrant) for a purchase price of \$10.00 per unit. The original terms of the Contingent Forward Purchase Contract remain operative for a business combination with a target other than GTWY Holdings.

In order to fund working capital deficiencies or finance transaction costs in connection with a Business Combination, the Hydra Sponsor, an affiliate of the Matthews Lane Sponsor and HG Vora (the "Funding Parties") loaned an aggregate of \$1,000,000 to the Company, in accordance with unsecured promissory notes issued on January 15, 2020 to the Funding Parties, pursuant to an expense advance agreement dated December 1, 2017 which were subsequently converted by the holders into warrants on June 25, 2020. The expense advancement agreement was amended to increase the total amount of advances available to the Company under the agreement by \$125,000 on June 29, 2020 and by an additional \$75,000 on October 26, 2020, for a total of \$200,000, of which the Company drew down \$75,000 in October 2020. The Funding Parties may, but are not obligated to, loan the Company additional funds from time to time or at any time, as may be required ("Working Capital Loans"). Under the expense advancement agreement, Working Capital Loans would either be paid upon completion of a Business Combination, without interest, or, at the holder's discretion, could be converted into warrants at a price of \$1.00 per warrant. The warrants would be identical to the Private Placement Warrants. In the event that a Business Combination does not close, the Company may use a portion of the proceeds held outside the Trust Account to repay the Working Capital Loans, but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. As of September 30, 2020, there were no amounts outstanding under the Working Capital Loans (the \$1,000,000 previously loaned by the Funding Parties having been converted into warrants on June 25, 2020). As noted above, an aggregate of \$75,000 in Working Capital Loans became outstanding subsequent to the end of the quarter in October 2020.

As of September 30, 2020, we had \$53,492 in our operating bank accounts, \$13,187,558 in securities held in the Trust Account to be used for a Business Combination or to repurchase or redeem its common stock in connection therewith and working capital deficit of \$224,608, which excludes \$125,677 of income taxes payable that will be paid from interest earned on the Trust Account.

We will need to raise additional capital through loans or additional investments from our sponsors, HG Vora, stockholders, officers, directors, or third parties. Our sponsors and HG Vora may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion, to meet our working capital needs. Accordingly, we may not be able to obtain additional financing. If we are unable to raise additional capital, we may be required to take additional measures to conserve liquidity, which could include, but not necessarily be limited to, curtailing operations, suspending the pursuit of a potential transaction, and reducing overhead expenses. We cannot provide any assurance that new financing will be available to us on commercially acceptable terms, if at all. These conditions raise substantial doubt about our ability to continue as a going concern through December 1, 2020, the date that we will be required to cease all operations, except for the purpose of winding up, if a Business Combination is not consummated. These financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should we be unable to continue as a going concern.

Off-Balance Sheet Financing Arrangements

As of September 30, 2020, we have no obligations, assets or liabilities which would be considered off-balance sheet arrangements. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements. We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or purchased any non-financial assets.

Contractual Obligations

As of September 30, 2020, we do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities, other than an agreement dated December 1, 2017 to pay our Hydra sponsor a monthly fee of up to \$10,000 for office space, utilities and secretarial and administrative support provided to us until the earlier of the completion of the Business Combination and our liquidation. We began incurring these fees on December 1, 2017. Effective September 30, 2020, Hydra Sponsor agreed to stop charging the Company the monthly administrative fee and forgave the \$71,000 outstanding balance due under the agreement.

The underwriters are entitled to underwriting discounts and commissions of 5.5%, of which 2.0% (\$4,000,000) was paid at the closing of the Initial Public Offering, and 3.5% (\$7,000,000) was deferred. The deferred discount will become payable to the underwriters from the amounts held in the Trust Account solely in the event that we complete a Business Combination, subject to the terms of the underwriting agreement. The underwriters are not entitled to any interest accrued on the deferred discount.

Critical Accounting Policies

The preparation of condensed financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified the following critical accounting policies:

Common Stock Subject to Possible Redemption

We account for our common stock subject to possible conversion in accordance with the guidance in Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.” Common stock subject to mandatory redemption is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within our control) is classified as temporary equity. At all other times, common stock is classified as stockholders’ equity. Our common stock features certain redemption rights that are considered to be outside of our control and subject to occurrence of uncertain future events. Accordingly, common stock subject to possible redemption is presented at redemption value as temporary equity, outside of the stockholders’ equity section of our condensed balance sheets.

Net Loss Per Common Share

We apply the two-class method in calculating earnings per share. Common stock subject to possible redemption which is not currently redeemable and is not redeemable at fair value, has been excluded from the calculation of basic net loss per common share since such shares, if redeemed, only participate in their pro rata share of the Trust Account earnings. Our net income is adjusted for the portion of income that is attributable to common stock subject to possible redemption, as these shares only participate in the earnings of the Trust Account and not our income or losses.

Recent Accounting Standards

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on our condensed financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Following the consummation of our Initial Public Offering, we invested the funds held in the Trust Account in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act, which invest solely in United States Treasuries. Due to the short-term nature of the money market fund’s investments, we do not believe that there will be an associated material exposure to interest rate risk.

We have not engaged in any hedging activities since our inception. We do not expect to engage in any hedging activities with respect to the market risk to which we are exposed.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Evaluation of Disclosure Controls and Procedures

As required by Rules 13a-15 and 15d-15 under the Exchange Act, our Chief Executive Officer and Chief Financial Officer carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of September 30, 2020. Based upon their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15 (e) and 15d-15 (e) under the Exchange Act) were effective.

Changes in Internal Control Over Financial Reporting

During the most recently completed fiscal quarter, there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

None.

ITEM 1A. RISK FACTORS.

Except as described below, factors that could cause our actual results to differ materially from those in this Quarterly Report are any of the risks described in our Annual Report on Form 10-K filed with the SEC. Any of these factors could result in a significant or material adverse effect on our results of operations or financial condition. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. As of the date of this Quarterly Report, there have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K filed with the SEC.

Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent coronavirus ("COVID-19") outbreak.

On March 11, 2020, the World Health Organization officially declared the outbreak of the COVID-19 a "pandemic." The outbreak of COVID-19 has resulted in a widespread health crisis, adversely affecting economies and financial markets worldwide. The business of any potential target business with which we consummate a business combination could be materially and adversely affected by the COVID-19 outbreak. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors or the target company's personnel, vendors and services providers are unavailable to negotiate and consummate a transaction in a timely manner. The extent to which COVID-19 impacts our search for a business combination, or the completion of a transaction with a potential target business, will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19, including its impact on the economy and financial markets, continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

The securities in which we invest the funds held in the Trust Account could bear a negative rate of interest, which could reduce the value of the assets held in trust such that the per-share redemption amount received by public stockholders may be less than \$10.00 per share.

The proceeds held in the Trust Account are invested only in U.S. government treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act, which invest only in direct U.S. government treasury obligations. While short-term U.S. government treasury obligations currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that we are unable to complete our initial business combination or make certain amendments to our Amended and Restated Certificate of Incorporation, our public stockholders are entitled to receive their pro-rata share of the proceeds held in the Trust Account, plus any interest income not released to us, net of taxes payable. Negative interest rates could impact the per-share redemption amount that may be received by public stockholders.

Nasdaq may delist our securities from trading on its exchange, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.

We cannot assure you that our securities will continue to be listed on Nasdaq in the future or prior to our Business Combination. In order to continue listing our securities on Nasdaq prior to our Business Combination, we must maintain certain financial, distribution and stock price levels. Generally, we must maintain a minimum amount in stockholders' equity (generally \$2,500,000) and a minimum number of holders of our securities (generally 300 round-lot holders). Additionally, in connection with our Business Combination, we will be required to demonstrate compliance with Nasdaq's initial listing requirements, which are more rigorous than Nasdaq's continued listing requirements, in order to continue to maintain the listing of our securities on Nasdaq. For instance, our stock price would generally be required to be at least \$4.00 per share and our stockholders' equity would generally be required to be at least \$5.0 million. We cannot assure you that we will be able to meet those initial listing requirements at that time.

If Nasdaq delists our securities from trading on its exchange and we are not able to list our securities on another national securities exchange, we expect our securities could be quoted on an over-the-counter market. If this were to occur, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity for our securities;
- a determination that our common stock is a “penny stock” which will require brokers trading in our common stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for our securities;
- a limited amount of news and analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as “covered securities.” Our Units, Common Stock and Warrants are listed on Nasdaq and are covered securities. Although the states are preempted from regulating the sale of our securities, the federal statute does allow the states to investigate companies if there is a suspicion of fraud, and, if there is a finding of fraudulent activity, then the states can regulate or bar the sale of covered securities in a particular case. While we are not aware of a state having used these powers to prohibit or restrict the sale of securities issued by blank check companies, other than the State of Idaho, certain state securities regulators view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the sale of securities of blank check companies in their states. Further, if we were no longer listed on Nasdaq, our securities would not be covered securities and we would be subject to regulation in each state in which we offer our securities.

In connection with the Extension Meeting scheduled for November 24, 2020, if our stockholders approve an extension of the Combination Period from December 1, 2020 to June 30, 2021, although the Company will continue to be listed on Nasdaq, the Company may not be able to continue to meet the listing standards of Nasdaq. On December 1, 2017, the SEC declared the Company’s IPO registration statement effective and the Company’s securities became listed on Nasdaq. Under NASDAQ listing rule IM-5101-2 (the “Listing Rule”), the Company is required to complete a business combination within 36 months of the effectiveness of its IPO registration statement (i.e., by December 1, 2020) in order to remain listed on Nasdaq. There is no assurance that the Company will not receive a delisting letter from Nasdaq. Upon receipt of any such delisting letter, the Company will have the option to appeal Nasdaq’s determination. To the extent that the Company receives a delisting letter, the Company intends to appeal the Nasdaq delisting in order to permit the continued listing of the Company on Nasdaq so that the Company can consummate an initial business combination by the Extended Date. If the Company is not successful in its appeal to Nasdaq, the Company will either (1) seek to have its securities quoted on the over-the-counter market, or (2) take steps to wind down the Company. See the Risk Factor “Nasdaq may delist our securities from trading on its exchange, which could limit investors’ ability to make transactions in our securities and subject us to additional trading restrictions.” in our Annual Report on Form 10-K for the year ended December 31, 2019, which is incorporated by reference herein.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

On December 5, 2017, we consummated our Initial Public Offering of 20,000,000 units, with each unit consisting of one share of our common stock, and one-half (1/2) of one warrant, each whole warrant entitling the holder to purchase one share of common stock at a price of \$11.50. The units in the Initial Public Offering were sold at an offering price of \$10.00 per unit, generating total gross proceeds of \$200,000,000. Morgan Stanley & Co., LLC acted as the book running manager and EarlyBirdCapital, Inc. acted as lead manager of the offering. The securities sold in the offering were registered under the Securities Act on registration statement on Form S-1 (No. 333-221330). The SEC declared the registration statement effective on December 1, 2017.

We paid a total of \$4,000,000 in underwriting discounts and commissions and \$548,735 for other costs and expenses related to the Initial Public Offering. In addition, the underwriters agreed to defer \$7,000,000 in underwriting discounts and commissions, and up to this amount will be payable upon consummation of the Business Combination. After deducting the underwriting discounts and commissions (excluding the deferred portion of \$7,000,000 in underwriting discounts and commissions, which will be released from the Trust Account upon consummation of the Business Combination, if consummated) and the estimated offering expenses, the total net proceeds from our Initial Public Offering and the private placement was \$202,276,265, of which \$200,000,000 (or \$10.00 per unit sold in the Initial Public Offering) was placed in the Trust Account.

There has been no material change in the planned use of proceeds from our Initial Public Offering as described in our final prospectus dated December 1, 2017 which was filed with the SEC.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

Not applicable.

ITEM 5. OTHER INFORMATION.

On October 26, 2020, the Company entered into a second amendment to its expense advancement agreement with the Funding Parties dated December 1, 2017, as amended, to increase the total amount of advances available to the Company under the agreement by \$75,000 such that an aggregate of \$200,000 was available for drawdown following the amendment. The Company issued unsecured promissory notes in October 2020 pursuant to the agreement, as amended, which cover an initial aggregate drawdown amount of \$75,000 and a maximum aggregate amount of \$200,000. Amounts up to the aggregate maximum amount may and are expected to be drawn down from time to time by the Company to fund its working capital requirements.

ITEM 6. EXHIBITS.

The following exhibits are filed as part of, or incorporated by reference into, this Quarterly Report on Form 10-Q.

No.	Description of Exhibit
10.1*	Amendment dated August 7, 2020 to the Administrative Services Agreement between the Company and Hydra Management, LLC
31.1*	Certification of Principal Executive Officer Pursuant to Securities Exchange Act Rules 13a-14(a) and 15(d)-14(a), as adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
31.2*	Certification of Principal Financial Officer Pursuant to Securities Exchange Act Rules 13a-14(a) and 15(d)-14(a), as adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
32.1**	Certification of Principal Executive Officer Pursuant to 18 U.S.C. Section 1350, as adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
32.2**	Certification of Principal Financial Officer Pursuant to 18 U.S.C. Section 1350, as adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002

Re: Administrative Services Agreement

Gentlemen:

This Amendment (“**Amendment**”), dated as of the date hereof and effective as of June 30, 2020, by and between Leisure Acquisition Corp. (the “**Company**”) and Hydra Management, LLC (“**Hydra Management**”) confirms the following changes to the Administrative Service Agreement (“**Agreement**”) dated December 1, 2017:

1. Termination of Monthly Fee. The monthly sum that became payable under the Agreement commencing on the Listing Date (as defined in the Agreement) terminates effective June 30, 2020.

2. Debt Forgiveness. The accrued but unpaid sum outstanding under the Agreement in the amount of \$71,000 is hereby forgiven in full by Hydra Management effective as of June 30, 2020.

3. Agreement Affirmed. Except as expressly modified and superseded by this Amendment, all terms and provisions of the Agreement shall remain unchanged and in full force and effect without modification, and nothing herein shall operate as a waiver of any party's rights, powers or privileges under the Agreement. Capitalized terms used herein shall have the meanings given such terms in the Agreement, as amended by this Amendment.

[Remainder of page intentionally left blank.]

IN WITNESS WHEREOF, the parties have caused this Amendment to be executed as of the date first above written.

Very truly yours,

LEISURE ACQUISITION CORP.

CERTIFICATIONS

I, Daniel B. Silvers, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Leisure Acquisition Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
